The undersigned Examiner supports the goal of the Office to advance prosecution as expediently as is reasonably possible. Co-operation is requested with respect to the timely submission of any references deemed pertinent to the present application along with Form PTO-1449.

A Preliminary Amendment filed February 10, 2004 is acknowledged. Claims 1-8 and 11-14 are canceled. Claims 9, 10 and 15 remain under consideration.

Applicant is requested to send a complete list of co-pending and related applications directed to pharmaceutical compositions when responding to this Office Action.

Claims 9, 10 and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention.

The recitations in claims 9 and 15, respectively, "in an amount of about 50 mg/day to about 100 mg/day" and "in an amount of about 100mg/kg to about 300 mg/kg" render the claims indefinite. Finite amounts of vitamin B6 to be formulated in the claimed compositions are not recited.

Claim 15 recites the limitation "wherein the vitamin B6 is in an amount of about 50mg/day to about 100 mg/day". There is insufficient antecedent basis for this limitation in independent claim 9 from which claim 15 depends.

No claim is allowed.
